

Welcome to the Hurley Library's website!

My role as Library Director is to ensure that our patrons always receive the very best library services possible from our professional and helpful staff. We strive to make every encounter a pleasant and rewarding experience.

The Library's website aims to provide all residents of Hurley with useful and convenient library information, services, activities, and links to other Internet sites to assist you in your research and recreational needs. The library continues to expand its services, programs and other resources to meet the needs of our growing community. We offer a wide variety of programming to our public, including computer instruction classes, children's programming, book discussions and a knitting/crocheting group.

I hope you will take the opportunity to visit our Library, meet our dedicated and competent staff, use our computers and Internet access, check out materials, participate in activities and get to know us.

I value your opinion of our library and the job we are doing. I am always open to suggestions for improving services and welcome your input.

Please feel free to contact me if I can be of service to you.

See You at the Library

Tracey Pause, MLS
Director
